

Carbon Farm Plan Training

Restoration Oaks Ranch

April 3, 2019

9am to 5pm

(Registration opens at 8:30am)

The Carbon Farm Plan Training includes a series of presentations, group discussions and field activities so participants can learn:

- The scientific and applied basis for carbon farming conservation practices that sequester carbon in row crops, rangelands and forests
- How to measure greenhouse gas benefits using Comet-Planner
- How to develop a Carbon Farm Plan

Registration is \$25; lunch is included

Register online at bit.ly/2UvKsVL
